

Farnborough Grange Attainment 2022/23

Here is the most recent attainment data for the key assessment points at Farnborough Grange Nursery and Infant Schools. Assessments are taken in the following years:

- Good Level of Development (GLD) is assessed at the end of Reception Year.
- Phonics Screening is undertaken in Year 1. Those who do not pass the Phonics Screening Check (PSC) in Year 1 will re-take the assessment in Year 2.
- KS1 assessments in Reading, Writing and Maths are taken at the end of Year 2. Although SATs are also taken at this time, they are not the only tool used to inform the teacher's assessment of the children and so are not published separately. Children should reach Age Related Expectations (ARE+) but some will go on to achieve a Greater Depth of learning (GDS).

For comparison purposes, we have also included comparisons to data from the 2021/22 academic year (as this is the last year that the assessments were collected due to the pandemic), Hampshire averages and National Averages.
